

The Interfaith and Science Exchange

2020 Charles H. Townes Lecture in Science and Religion

Sunday, November 15, 3 p.m. EST

A live Zoom lecture with time for questions.

Stars, Galaxies, Planets, and Life!

*A Universe of Awe, Challenge,
and Inspiration*

Jennifer Wiseman

Senior Astrophysicist,
Goddard Space Flight Center

Program Director,
Dialogue on Science, Ethics, and Religion
of the American Association for the
Advancement of Science

Modern telescopes are unveiling an amazing universe that has matured over billions of years into a life-bearing plethora of galaxies, stars, and planets. What is the place and significance of human life within vast space and time? This talk will explore the awe-inspiring beauty and challenging mysteries of our incredible universe.

Free event. Reservations required.

RSVP to smithmoran@earthlink.net, specifying whether you wish to be among those asking questions, or simply part of the audience.
